

Applicants applying for Managing Practitioner and holding legacy IQA credentials

Applicants with the V1 unit have a notional equivalence of the current Award in Internal Quality Assurance Process and Practice. This means that the Assessors Guild professional standards shaded out below are automatically evidenced if you can show proof of certification and that these assessor qualifications underpin your current assessment practice, allowing you to perform IQA functions.

Table 1. Assessors Guild professional standards and their relationship with the V1 IQA Award

Professional Knowledge	Professional Practice	Professional Conduct	Professional Leadership
<ol style="list-style-type: none"> 1. Maintain and update your knowledge and understanding of relevant assessment techniques to develop evidence-based practice, drawing on research and other evidence 2. Maintain and update knowledge and understanding of your vocational/occupational area and/or subject 	<ol style="list-style-type: none"> 3. Apply assessment approaches in a fair way without prejudice or bias, and access and inclusion to assessment measures, while applying moral, ethical and legal considerations and requirements (e.g. equality and diversity, Safeguarding and Prevent requirements) 4. Ensure assessment performance is valid and reliable, focused on the candidate's capability against intended performance requirements, mitigating or controlling risk to assessments 5. Openly collaborate and evaluate how your practice and that of others contributes to the overall quality of the assessment process to provide best practice 6. Communicate effectively by adapting the language use for the audience to ensure clarity and understanding 	<ol style="list-style-type: none"> 7. Be bound by an appropriate code of conduct related to assessment performance and behaviour 8. Behave in a manner that upholds the integrity, validity and security of the assessment being implemented or administered 9. Carry out and record any CPD necessary to maintain and enhance personal competence 	<ol style="list-style-type: none"> 10. Manage other people to ensure they are competent in assessment 11. Support and feed back to assessors about their assessment performance in constructive, insightful and sensitive ways 12. Monitor and scrutinise consistency and comparability of assessment decisions across an assessment team or organisation 13. Bring about continuous improvement through quality management (quality control and assurance) processes to ensure the effectiveness of assessments

This means that your application information needs to focus on the professional standards that are not automatically addressed by your IQA credentials. You also need to ensure that these legacy credentials are your active assessment credentials, i.e. these are underpinning your current IQA practice.
